ABSTRACT

This study presents findings from the 2001-2002 Transfer Program Follow-Up Survey of Parkland College (Illinois) graduates. A total of 423 students from baccalaureate/transfer programs were contacted approximately 6 weeks after graduation. Of those, 253 returned surveys, for a response rate of 59.8%. More than 58% of respondents were female, 81% were white, 7.6% were black, and 77% were under 25 years old. More than 46% of graduates were in A.S. programs and 42% were in A.A. programs. Almost 89% of respondents attended Parkland with an intent to transfer to a four-year college or university, and 86% indicated they would enroll in one the following semester. Satisfaction rates for all seven major programs were high. Between 77.4% and 97.1% felt very or somewhat satisfied with (1) course content (97.1%); (2) equipment, facilities, materials (96.7%); (3) lectures (96.3%); and (4) preparation for further education (91.3%). Nearly 79% of respondents agreed or strongly agreed that their experience at Parkland improved their abilities to solve problems, while 78.3% indicated improvement in writing, 72.6% in speaking, 72.1% in doing math, and 57.6% in reading. More graduates reported they transferred to the University of Illinois Urbana-Champaign (15.1%) and to Illinois State University (11.8%) than to the other 12 in-state and 16 out-of-state institutions reported. Survey instrument appended. (Contains 22 tables.) (NB)

PARKLAND COLLEGE
TRANSFER PROGRAM GRADUATE FOLLOW-UP SURVEY
CLASS OF 2001-2002

Introduction

The Parkland College Transfer Program Graduate Follow-Up Survey was administered to the Class of 2001-2002 by the Office of Institutional Research and Evaluation (OIRE) and the Career Center (CC).

Methodology

CC and a faculty advisory committee developed the survey instrument from the Student Occupational Follow-Up Survey questionnaire. In this study, graduates were asked questions that were pertinent only to the baccalaureate/transfer programs.

OIRE was responsible for mailing and CC for following up of surveys. The combined efforts generated a response rate of 59.8%. Four hundred twenty three (423) graduates of baccalaureate/ transfer programs were initially contacted approximately six weeks after graduation. Non-respondents were mailed a second survey three weeks later. The remaining non-respondents were contacted by telephone calls starting three weeks following the second mailing. Some graduates who were unresponsive to the telephone survey were mailed a paper copy to complete and return.

OIRE was responsible for data entry, analysis and reporting.

Results

Data are presented in Table 1 on response rates and Tables 10-20 on students' objective in attending college; planned objective for the next semester; satisfaction ratings on major and outside major program of study, student services, academic and college services; perceptions of Parkland's contribution to graduate improvement; and the name of the institution to which they plan to transfer. Data by Gender, Ethnicity and Age Group are compiled in Tables 2-9. Tables 21 and 22 reflect perceptions of Parkland's contribution to graduates' improvement in reading, writing, speaking, doing math, and solving problems.

Questions on data presented in this report should be directed to:

PARKLAND COLLEGE

Dear Parkland Graduate:

As a recent graduate, you can provide information of value to Parkland College and our future students. Please take a few minutes to respond to the questions inside. These are items that will help us evaluate Parkland and our services.

When you have completed the survey, simply return it by mail, folded with the business reply address on the outside. If you have any questions, please call me at 217/351-2466. Your responses will be considered as confidential information to be used for research only.

Help Parkland in planning its program offerings by completing this evaluation of your education. Your response is needed and appreciated.

Sincerely,

Sharon A. R. Kristovich, Ph.D.
Director
